6 HAND-WASH BAYS

TWO AUTOMATIC WASH BAYS

Touchless wash

HIGH-TECH

Taking credit cards as well as coins and bills

CASE STUDY

Design-Build project of an 8 bay carwash with 2 automatic touchless bays.

PROJECT SPECIFICATIONS

- 9,000 total square feet
- Six hand-wash bays
- Two automatic, touchless bays
- Vending area
- Mechanical room
- Four vacuum islands
- Complete project – 7 months

UNIQUE CHALLENGES

Site was narrow and building had to be designed and placed correctly to get fully circular vehicular access. Bon Builders oversaw permit process, which became lengthy to get approval for access to State Route 202 (Old Troy Pike). Installation of touchless wash equipment was done through equipment supplier.

CLIENT SATISFACTION

"Bon Builders helped us through the process from design, through the difficult permit and approval process, to building....glad we choose Bon Builders!"
