CASE STUDY

Blockbuster was a bid job for a development company in Chicago. Bon Builders performed the site work and acted as the general contractor on this project.

PROJECT SPECIFICATIONS

- 5,000 total square feet
- Provided white box, with minimal inside finishes
- Coordinated Blockbuster-provided signage installation
- Complete project – 4 months

UNIQUE CHALLENGES

Bidding a project to win the bid and maintain project constraints is always a challenge with bid jobs. Bon Builders was able to mobilize quickly on this project and get Blockbuster ready for open house on schedule and within the constraints required. Bon Builders pulled together a sub-contracting team that could work quickly and efficiently to complete the project to meet expectations.
