## HEALTHCARE

### TIPP CITY VETERINARY HOSPITAL

4900 S. COUNTY ROAD 25-A, TIPP CITY, OHIO 45371

## CASE STUDY

Veterinary hospital with surgery wing, grooming area, over 100 kennels, conference room and apartment for visiting veterinary interns

### PROJECT SPECIFICATIONS

- 20,000 total square feet
- 114 kennels
- Surgery, recovery, and isolation rooms
- Windows into kennel area

### UNIQUE CHALLENGES

Dr. Jim Mathias had a concept for a new hospital for his practice since graduating from vet school. He had consulted several architects and builders but none could translate his concept into a cost effective design. Dana Shoup, AIA, was able to meet his needs and meet his budget requirements.

### CLIENT SATISFACTION

"I had plans drawn up by three separate architects. None of them met my individual needs. I really enjoyed sitting down with Dana, Don, and John. They listened to what my unique needs were. We designed the facility together and I am very pleased with the way it all turned out. We have been in the hospital for 5 years and there are very few things I would change.
