HEALTHCARE

CASE STUDY

DIALYSIS CENTER OF DAYTON

4700 SPRINGBORO PIKE, DAYTON, OHIO

Highly specialized medical facility to meet the unique needs of dialysis patients

PROJECT SPECIFICATIONS

- 11,600 square feet
- Lead-lined x-ray machines
- Multi-tenant separation needs
- A variety of construction materials and finishes
- Complete project – 9 months

UNIQUE CHALLENGES

Several challenges were addressed on this project including a very small site to stage the building materials as well as a variety of facade materials that needed to interact with each other both in the building process and with the change of weather conditions.

CLIENT SATISFACTION

"...well built facility....very functional and low maintenance....quality workmanship... .."
